RE: Duke Energy Carolinas, LLC and North Carolina Electric Membership Corporation – Joint Application for a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Construction and Operation of a 750 MW Combined Generating Plant Near Anderson, South Carolina and Motion for Confidential Treatment - Docket Number 2013-392-E

Dear Mrs. Boyd:

On October 24, 2013, in connection with the above referenced docket, Duke Energy Carolinas, LLC and North Carolina Electric Membership Corporation filed a Project Binder, Testimony, and Confidential Exhibits. Section 9 of the Project Binder references, but does not attach, Confidential Attachment 1. Confidential Attachment 1 is the same document as Mark Landseidel's Confidential Exhibit 6. For ease of reference, I am attaching this document labeled as Attachment 1 to Section 9 Project Costs and Landseidel Exhibit 6. This document should replace what was previously filed under seal with your office as Landseidel Exhibit 6.

We are filing the new Attachment 1 to Section 9 Project Costs and Landseidel Exhibit 6 under seal for the same reason Landseidel Exhibit 6 was filed under seal, it contains the projected cost and operating expense information for the project which is confidential. The Company respectfully requests that it be permitted to file this CONFIDENTIAL EXHIBIT under seal and that it be maintained as confidential and protected from public disclosure pursuant to Order No. 2005-226, "ORDER REQUIRING DESIGNATION OF CONFIDENTIAL MATERIALS" and 26 S.C. Code Ann. Regs. 103-804(S)(2)(Supp. 2012).
